

# Speaker Schedule Fall 2017 / 2018

## Storm Chasing in Tornado Alley

I spend most of my time in Marina del Rey, CA and Kennett Square, PA but I'm available to speak in other areas as I love to travel and its always fun to meet new people. Most of May though July is spent guiding for Silver Lining Tours chasing extreme weather in Tornado Alley.

"My Camera is My Best Excuse for Adventure" so I never know where it's taking me. Inquire about my current schedule as it may be leading me to your area.

The subject this year is **Storm Chasing and photography in Tornado Alley**. If you've ever looked for a fun photography adventure this could be it!

I've just started filling my spring 2018 speaking schedule. Currently I do approximately a 1+15 hr. talk on Photography while Extreme Storm/Tornado Chasing.

As an Adobe Certified Expert in Lightroom if more time permits, I can fill it with Lightroom organizational workflow and development ideas of Storm Related images tailored to the group.

I also do a beginning "101" talk/class taking about 4 hours on Lightroom called "The Nuts and Bolts of Lightroom".

[Video on YouTube](#) for info on this talk. Video customizable for your group name to help with PR.

Message: Hi Rusty,

"Just wanted to say thanks for such an inspiring presentation. I learned so much just listing.. you are such a great speaker and photographer!!! Confirms that it's never too late to chase a dream. I was one of the younger guys sitting in the back. I like what you said about the camera is your friend and the motivation to get out there and take photos. This is so true!!! Perhaps someday I'll plan a trip to chase a few tornadoes on my own. I am into anything that has to do with landscape. love Galen Rowell and is such an inspiration to me. I think the first local snow storm I am all over it ☺ thanks again love your work!!!"
