

Storm Chasing in Tornado Alley with Rusty Nelson

I spend most of my time in my gallery in Kennett Square, PA but I'm available to speak in other areas as I love to travel. Most of May through July is spent guiding photographers for Silver Lining Tours chasing extreme weather in Tornado Alley.

"My Camera is My Best Excuse for Adventure" so I never know where it's taking me. Inquire about my current schedule as it may be leading me to your area.

The subject is a motivational action packed talk on **Storm Chasing and Photography in Tornado Alley. Definitely NOT a sales pitch.** And not a one hour show of my images. If you've ever looked for a fun photography adventure this could be it!

Currently I do approximately a 1+10 hr. straight through talk or a two part longer talk on Photography while Extreme Storm/Tornado Chasing. I bring all my own equipment...self contained. This is not meant for just photographers either as it is not a technical talk. I request for camera clubs to make it an open meeting to attract new members if this works.

Please take a look at the video below and feel free to share for your PR on the talk.

Message: Hi Rusty,

"Just wanted to say thanks for such an inspiring presentation. I learned so much just listening.. you are such a great speaker and photographer!!! Confirms that it's never too late to chase a dream. I was one of the younger guys sitting in the back. I like what you said about the camera is your friend and the motivation to get out there and take photos. This is so true!!! Perhaps someday I'll plan a trip to chase a few tornadoes on my own. I am into anything that has to do with landscape. 😊 thanks again love your work!!!" **Aylon W. Los Angeles**
